

SAFE ZONE

No. 0000

NOTE: We require a white box below the sequential numbering locations.
The grey outline around the sequential numbers is the indication of how big the white box will be, and it will not be printed.

If your design has a background, then the white box will be put on top of it before we print the sequential numbers.

SAFE ZONE

DO NOT place important texts or images beyond the green dotted area to ensure that elements would not get cut.

TRIM LINE

Blue dotted line is the actual cut of the final design.
